Beautiful Snow Makes Work

THE CITY CREW WAS OUT AGAIN early Tuesday (top photo) cleaning the downtown streets of snow after another big snowfall had covered the county during Monday night. Left to right are Wilbur Pugh, Henry Paul and Chester McKinley, Miss Marian Moore (photo at right) of 501 Market Street, like many of the residents of Washington C. H., was also out bright and early cleaning the sidewalks in front of their homes.

Maintenance Crew Kept Busy Shoveling Off City Streets

Shoveling snow has now become almost a daily routine for the city crew as two big snowfalls have covered the city since Saturday night.

Tuesday morning, after four inches of snow which fell during the night was added to the two inches or more which was still on the ground from the weekend snow, five men of the city street crew were out busily clearing the sidewalks and streets to make traveling easier. Most of them had been cleared for normal driving since the first snow but had to be cleared again Tuesday. Part of the snow was expected to leave with rain and sleet later Tuesday.

The mercury here did not drop below 26 degrees during Monday night, and precipitation was placed at .31 of an inch.

There are eight men on the city crew and five of them were put to shoveling the snow into trucks from the uptown streets in Washington C. H. Tuesday morning.

CITY MANAGER J. F. Parkinson said "there has been no expense to the snow shoveling yet" and that no money has been set aside for it. What is needed will be taken out of the street fund, he explained.

The only extra time the crew here has been out working was during the Saturday night storm. Salt and cinders were spread on the streets then to make traveling better.

Dave Hillery, of the state highway department here, and crews have been keeping the highways through Washington C. H. from being slick and hazardous by spreading cinders and salt on them.

The snow here is loaded into trucks and is taken to the city

garage on South Fayette Street and is dumped on a vacant lot close by.

THERE WAS NO promise of improved conditions in Tuesday's forecast, which called for more snow, changing to sleet and rain with temperatures hovering in the low 30s.

The State Highway Patrol reported most of the highways are still treacherous for travel and that the new snows brought a host of accidents, most of them minor.

The most serious highway pile-up was in Woodlawn, a Cincinnati suburb, where nine persons were injured when a bus and three cars collided. Highway officials in the Cincinnati area are urging all motorists to leave their cars at home.

The weather bureau reported that most places in Ohio have received from one to four inches of snow.

There was one consolation for Ohioans—Monday's snowfall in the Donner Summit region of the Northern California mountains measured 17 inches.

Tax Scandal Probers Eye Snyder Tieup

WASHINGTON, Dec. 2.—House tax scandal investigators scheduled a closed-door meeting Tuesday to decide whether to call Secretary of the Treasury Snyder for a first-hand account of his interest in a multimillion-dollar tax case.

Secretary Snyder, in letters to members of the ways and means subcommittee which has been investigating federal tax practices, already has said he intervened to speed up a tax refund claim by Universal Pictures, Inc.

But Snyder wrote that he acted only in the interest of administrative efficiency to expedite handling of a large backlog of unsettled tax cases. He said his interest in Universal was no different than that in many other similar cases.

Committee Republicans favored calling Snyder before them in open session—"while he is still a public official," said Rep. Curtis (R-Neb). Rep. Kean (R-NJ) said he thought Snyder should explain his "unusual degree of interest" in the Universal case.

Universal sought a refund of about \$26 million on excess profits taxes during the early 1940s.

The committee has bureau records showing that, at Treasury insistence, review of the case by the New York field office was bypassed and the case speeded to Washington, where it was eventually settled at a less-er figure of about \$2½ million.

Orlando, 92, Dies In His Rome Home

ROME, Dec. 2.—Vittorio Emanuele Orlando, the last of World War I's Big Four, died here Monday night.

The death of Italy's 92-year-old "president of victory" was announced by Senator Giuseppe Romita, leader of the Italian Socialist Party. He was in Orlando's home when the end came. He died after a week's critical illness. Toward the end he sank into a complete coma.

India's Korean Truce Plan Gets Approval

Communists Violent In Opposition, But Vote Tally Is 53-5

UNITED NATIONS, N. Y., Dec. 2.—(P)—Western and neutral nations overwhelmingly pushed through United Nations committee approval of India's Korean peace plan Monday night despite a Red rejection of its ever working.

More Soviet fireworks are expected before the plan's final adoption by the General Assembly.

The vote in the UN Political Committee on the India resolution, aimed at ending the prisoner of war deadlock which has held up a Korean truce, was 53-5. The five Soviet bloc nations voted against it. Nationalist China abstained because she didn't think the plan would work.

The committee set another meeting for Tuesday to let delegates put on the record their reasons for voting the way they did.

BUT SOVIET Foreign Minister Andrei Y. Vishinsky was expected to turn the meeting into another bitter debate by demanding that his counter-resolutions be voted upon before the committee sends the India plan to the General Assembly for final approval and transmission to the Communist command in Korea.

Even if Vishinsky succeeds in getting a vote on his proposals, they are doomed to smashing defeat. Previous rejection of the India plan by both Moscow and Peking promised it just as hopeless a future.

India and her backers had pressed for a vote, nevertheless, to place on the Communists the moral blame for turning down another chance at a Korean peace.

The committee climaxed one of the most violent debates in its history Monday by approving the India resolution and, by an almost equally overwhelming majority, throwing down Soviet amendments that would have remodeled it into the Red pattern.

American delegates and many of their allies were pleased by the unprecedented solidarity behind the India plan.

At 45 the red-haired Reuther is a young man compared with many other labor leaders.

Never bashful, he has come forward with numerous "Reuther plans" to solve the nation's problems, some of which have been accepted and worked and others which never saw the light of day.

Some years ago he bicycled through Europe and Russia.

He is noted as being fearless when directing labor negotiations. He was the target of a would-be assassin some years ago and carried one arm in a sling for weeks after a shotgun blast shattered the limb.

The assailant had fired point-blank at Reuther as the labor leader stood chatting with his wife in the kitchen of their Detroit home.

A staunch Democrat, Reuther campaigned strong for Adlai Stevenson in the recent presidential campaign. The bulk of his campaigning was done via a weekly nationwide television show at which he answered a vast array of questions fired at him by a panel of newspaper reporters.

11 Pct. Tax Cut Bill Set For Congress

WASHINGTON, Dec. 2.—(P)—An 11 per cent cut in individual income taxes and elimination of the excess profits tax on corporations will be proposed as soon as the new Congress convenes next month by Rep. Daniel A. Reed (R-NY).

Reed is in line to become chairman of the House Ways and Means Committee, which originates all revenue measures.

His proposal calls for a reduction of slightly more than 5 per cent in individual income taxes next year and a similar reduction in 1954, for a total cut of about 11 per cent.

The 1951 tax bill raised individual rates by 10 to 11 per cent. The increase will expire automatically Dec. 31, 1953, unless Congress orders otherwise. The excess profits tax is due to go off the books next June 30.

Reed said he anticipates bipartisan support for his bill, which he called "the first step in the Republican tax and spending reduction program."

He said the incoming Republican administration is aiming for "drastic curtailment of unnecessary government waste, a balancing of the budget and a cutback in the burdensome taxes which are seriously jeopardizing our nation's economy. Tax relief must start where it will be most beneficial—with the people."

Rare Burglar Held

NEW YORK, Dec. 2.—(P)—A 24-year-old waiter, Murray Meckler, police say, admits robbing more than 10 hotel rooms in 18 months just by walking into the hotel and asking the clerk for the key to any particular room that popped into his head.

Reuther Said Cinch For Top CIO Position

Haywood Force Refuses To Admit Defeat; Floor Battle Said Possible

ATLANTIC CITY, Dec. 2.—(P)—Walter P. Reuther seems virtually assured of becoming the CIO's new president after a close and bitter political battle among CIO unions.

The youthful, fiery president of the million-member Auto Workers Union shrewdly master-minded a fight for CIO convention votes and apparently was a winner over CIO Vice President Allan S. Haywood.

Reuther claimed "overwhelming victory" after the rubber and oil workers unions' representing more than 400,000 members, came out Monday for Reuther following ardent wooing by Haywood adherents. The rubber and oil unions previously had been neutral.

The fight for the CIO presidency as successor to the late Philip Murray still may go to a convention showdown vote on Thursday.

The 64-year-old Haywood and David J. McDonald, newly named president of the CIO United Steelworkers, another million-member group and the core of Haywood's strength, refused to admit defeat.

McDONALD maintained "everything is the same" and said the Haywood group would continue to fight all the way.

It was considered likely, however, that in the last analysis the Haywood group would support Reuther to avert any open convention split that might drive a deep wedge into CIO ranks.

At 45 the red-haired Reuther is a young man compared with many other labor leaders.

Never bashful, he has come forward with numerous "Reuther plans" to solve the nation's problems, some of which have been accepted and worked and others which never saw the light of day.

Some years ago he bicycled through Europe and Russia.

He is noted as being fearless when directing labor negotiations. He was the target of a would-be assassin some years ago and carried one arm in a sling for weeks after a shotgun blast shattered the limb.

The assailant had fired point-blank at Reuther as the labor leader stood chatting with his wife in the kitchen of their Detroit home.

A staunch Democrat, Reuther campaigned strong for Adlai Stevenson in the recent presidential campaign. The bulk of his campaigning was done via a weekly nationwide television show at which he answered a vast array of questions fired at him by a panel of newspaper reporters.

All-out Offensive By UN Demanded

SEOUL, Dec. 2.—(P)—President Syngman Rhee Tuesday demanded an immediate all-out Western offensive to drive Chinese Reds out of North Korea.

The South Korean leader declared, "We can do so now," without the help of Japanese or Chinese Nationalist troops.

And he indicated he didn't think the move would draw Russia into the conflict because the Soviet Union is not ready for a world war.

Rhee said if the Soviet Union had wanted to enter the Korean war it would have done so when Allied troops drove to the Yalu River in 1950.

"No world war can be avoided

unless the leaders in the Kremlin are persuaded or are forced to believe they cannot conquer the United States," he declared.

RHEE OUTLINED his views at a press conference and in an interview with a National Broadcasting Company newsmen.

He asserted the Panmunjom armistice talks have failed and the latest India truce proposal in the UN is not acceptable.

He said he thought the only reason a drive to the Yalu had not been launched was because of a belief it "was not politically wise at this time."

But, he added, "we cannot be patient or be quiet. Either we succeed in driving out communism or we will all be killed."

"Regardless of win or lose, we cannot stay and let them come and shoot at us all the time."

Meanwhile, an American jet ace, returned to Korea after six weeks in the U. S., and shot down a Communist Mig-15 in an air battle deep in North Korea.

Lt. James F. Low of Sausalito, Calif., bagged the Mig in a clash between two U. S. F86 Sabrejets and two Migs. It was his seventh kill of the war.

On the ground, Allied and Red infantrymen sparred in snow and biting cold.

A FOOT OF snow blanketed towering central front peaks. It piled two to six inches deep along the 155-mile battlefield. The mercury hovered near zero.

Probing deep into North Korea, 13 B29s unloaded 500-pound bombs on a troop area west of Honsan, a supply area west of Yangdok and on Red front-line positions.

South Korean soldiers hurled back repeated Chinese attacks in the snow-blanketed Triangle Hill-Sniper Ridge sector. Some of the action was hand-to-hand.

Million-Dollar Housing Setup Due In A-Area

WAVERLY, Dec. 2.—(P)—A woman who helped house thousands at the Oak Ridge, Tenn., atomic plant said Tuesday she plans to build a million-dollar housing development near the Pike County atomic energy plant.

Mrs. Frances H. Hamilton of Huntington, W. Va., said she has applied to the Federal Housing Administration for a \$997,000 loan to build a trailer camp and permanent housing on a 200-acre farm site she purchased Monday.

The farm will be equally divided between temporary and permanent housing.

Mrs. Hamilton's attorneys, Bricker, Marburger and Barton of Columbus, said construction would begin immediately on foundations for the trailers. They said plans include office space for a doctor and dentist who will be new to the community and a two-room hospital. Development plans include schools and churches.

The purchase of the farm, located west of Waverly near the village limits for \$95,000 was completed Monday night with Thomas Oyer. He took title from J. C. Roberts of New Holland.

An option on the property was first taken on Sept. 16 and expired at midnight Monday. Roberts received \$67,500 for his share and Oyer \$27,500.

'Copter Rescues Injured Worker

POINT PLEASANT, N. J., Dec. 2.—(P)—John Breece, 20, of Deshler, O., was rescued Monday from the inside of a 160-foot water tank by a Navy helicopter. He had been working with several other men inside the tank.

He fell 30 feet, crashed into the steel bottom and broke his neck. Unable to get a first aid squad to him, rescuers called the 'copter.

COLUMBUS, Dec. 2.—(P)—Joseph E. Evans, 30, buried 15 minutes in a 12-foot sewage ditch near here, died Monday from multiple internal injuries.

Dem-Unionist Selection Said 'Incredible'

Future Role Of Ohio Senator Questioned As He Levels New Blast

CINCINNATI, Dec. 2.—(P)—Sen. Robert A. Taft (R-Ohio) Tuesday bitterly condemned President-elect Dwight Eisenhower's appointment of a Democrat union chieftain, Martin P. Durkin, to be secretary of labor in the new GOP administration.

Taft called the selection of the AFL leader "incredible." Eisenhower named Durkin Tuesday along with Sinclair Weeks, Boston businessman, to be secretary of commerce.

The naming of Durkin, the only Democrat and Roman Catholic on Eisenhower's proposed cabinet, came as a surprise to more than just Taft.

But the Ohio senator, co-author of the nation's most controversial labor law, was the most outspoken. Taft declared in a prepared statement:

"I have a number of talks with Mr. Herbert Brownell who has been the key man in cabinet appointments, and made several recommendations of qualified men."

"IT WAS NEVER even suggested that a man would be appointed who has always been a partisan Truman Democrat who fought Gen. Eisenhower's election, and advocated the repeal of the Taft-Hartley law."

"It is an affront to millions of labor union members and officials who defied the edict of Durkin and his kind who demanded they vote for Stevenson. This appointment leaves without representation in the cabinet those millions of Democrats, North and South, who left party to support Gen. Eisenhower, and gives representation to their most bitter appointments."

The statement by "Mr. Republican" immediately brought to question his future political relationship with Eisenhower.

Only a few days ago, Taft remarked that the general's choices for cabinet posts had not included anyone he had recommended.

The senator had gone all out for Eisenhower's election after his own defeat in the GOP convention, making speeches in many states.

One of the things the Republicans fought during the campaign was the declaration by Democrats that Eisenhower was more or less under control of Taft.

Durkin, 58, is general president of the AFL United Association of Journeymen and Apprentices of the Plumbing and Pipe-Fitting Industry of the U. S. and Canada.

Weeks, 59, is chairman of the Republican National Finance Committee. He is an industrialist and bank director and has been a power in the Massachusetts GOP for nearly 20 years.

WEEKS WAS an early backer of Eisenhower and just before the GOP Convention last July urged Taft to perform a "supreme act of self-denial" and quit the presidential race in favor of the general.

The designations of Durkin and Weeks were announced by Arthur H. Vandenberg Jr., who will be Eisenhower's secretary.

Vandenberg also announced the designation of Walter Williams of Seattle as under secretary of commerce. He was chairman of the Citizens for Eisenhower.

CIO leaders took the selection of a labor man as an indication that the Eisenhower administration wants to get along with organized labor.

DURKIN SAID after his selection was announced: "I wish to assure the general that I will play on the team and give all the assistance I can in making his administration a successful one."

He said he believes the Taft-Hartley Act can be "amended to the satisfaction of labor."

"I have no doubt, also, that it can be amended to satisfy management as well," he said.

He said he anticipated that the Department of Labor will be rebuilt and enlarged with functions transferred from other agencies. In Boston, Weeks said he was "honored" by his designation to Eisenhower's Cabinet, "particularly in the Commerce Department."

Junk Is Speaker At Symposiarch

History Sidelights
Of County Subject

Washington C. H., and more particularly Fayette County, was on one of the main routes of the "underground railroad" over which slaves from the south escaped to Canada during the hectic days immediately preceding the Civil War, William Junk told members of the Symposiarch here at their dinner meeting at the Country Club Monday night.

Junk, the principal speaker of the meeting, was introduced by Dr. Samuel Sauer. He gave his background from the time he failed as a boy at a sheep raising enterprise, through Miami University, the Federal Bureau of Investigation during the second World War and Ohio State University, where he was graduated from the college of law.

Junk had spent considerable time in research and study of the "underground railroad," he said, because of the stories he had heard about it as a boy.

He told of how the fugitive slaves had crossed the Ohio River at Ripley, probably one of the main gateways into abolitionist territory. He told of how they went first to the home of John Rankin which is atop a hill back of the town, in plain view from the Kentucky side of the river.

FROM THERE, he said, the "underground railroad" branched out in several directions, with one of the biggest branches going up through Highland County into Fayette County.

Junk declared that not all of "Uncle Tom's Cabin" was fiction; that part of the story about Eliza crossing the river on the ice carrying her baby is true, he said. He added, that in all probability—although there is no recorded proof—she stopped at one of the stations in Fayette County.

After giving the background of the "underground railroad," Junk showed about a score of colored slides made from pictures he had taken of home of today that had once had been stations along the "underground railroad."

The stations, in which the fleeing slaves were hidden, were only 5 to 10 miles apart, Junk said, because travel in those days was slow, usually on foot or horseback.

WHEN FINISHED, the members of the group refused to let him drop the discussion. They asked questions and for elaboration on points sketched lightly in his talk for nearly an hour.

Many of the homes which had been stations on the "railroad" were in and around New Martinsburg, Good Hope, Washington C. H. and Bloomington, he said.

Harris Willis, the president of the chapter, presided at the meeting but there was little business. He did announce, however, that nominations for the election of officers in January would be made at the December meeting.

Hosts for the evening were Dr. Marvin Roszmann, Howard S. Harper and Charles S. Hire.

George Yahn Dies At Staunton Home

George Elmer Yahn, 84, died at 5 A. M. Tuesday at his home in Staunton. He had been in failing health for three months.

Mr. Yahn had moved to Staunton in 1925 from a farm on the Bogus Road. He was a retired farmer.

His wife preceded him in death in 1942.

Mr. Yahn is survived by three sons and three daughters, John of Staunton, Burrell of Columbus, Morgan of New Holland. Miss Mary Yahn at home, Mrs. Glenn Davis, Sr. of Bloomington and Miss Geraldine Yahn at home. Also surviving are 21 grandchildren and 12 great-grandchildren.

Funeral services will be held at 2 P. M. Thursday at the Gerstner Funeral Home. Burial is to be in the Washington Cemetery.

Friends may call at the late residence after 10:30 A. M. Wednesday.

Youth Fellowship In Regular Meeting

The Bloomington Methodist Youth Fellowship met Monday evening at the home of Lloyd Davis.

The meeting was opened with group singing and Phyllis Barnard reading the devotion. Wilma Brown led in prayer.

Questions on how to make you more Christian were discussed by the members.

The next meeting will be Dec. 15 at the home of Frances and Larry Oberschlake.

Minister Burns Page Of Bible

ROCKY MOUNT, N. C., Dec. 2.—While his congregation watched, the Rev. Martin Hux, a Baptist minister Sunday night tore a page from the revised edition of the Bible and burned it because the word "virgin" is eliminated from a passage.

Hux contends the revised edition attempts to eliminate the deity of Jesus Christ and His virgin birth. The new version substitutes the words "young woman" for "virgin."

in Isaiah VII:14. The old version reads: "Behold the Lord shall give you a sign. A virgin shall conceive and bear a son and shall call his name Emmanuel."

Student Panel Discusses Spirit

City PTA Council
Meeting Feature

A discussion of school spirit by a group of Washington C. H. High School students was the feature of the Monday evening meeting of the city PTA Council in the high school cafeteria.

Thomas Mansell, director of dramatics of WHS, presented the students. Ann Ducey acted as the moderator. Roger Chaney gave a discussion on school spirit in assembly programs; Linda Lovell, school spirit in the classroom; Jim Newberry, school spirit among the citizens of Washington C. H. After the discussions the panel was opened to questions from the floor.

The business meeting, held before the panel discussion, was conducted by the president, Mrs. Charles Hurtt.

Mrs. Hurtt announced that the Stevens' Magic Show, sponsored by the Council, would be presented in April, 1953.

A discussion was held on the need of a traffic light at the corner of Rose Avenue and Pearl Street. Supt. Stephen Brown is to take this matter up with the city council.

Progress on the project being carried on by the Eastside School to educate the people of Washington C. H. on the needs of the city schools was reported by Mrs. Joe Leander.

Leo Whiteside, principal of Sunnyside, said that this section of the city was preparing to start a similar survey among the residents.

House Is Damaged By Fire Here Monday

Three upper rooms of a two-story frame house owned by Walter Myers and occupied by Robert Michael, at 1241 East Temple Street, were virtually ruined by fire which started about 4:15 P. M. Monday.

Firemen found it necessary to lay a line of large hose to combat the flames. The blaze had gained strong headway before the firemen were notified.

The three second-story rooms, with all contents, were badly damaged, entailing a loss which may reach \$2,000 or more.

Firemen reported that the flames apparently had started from a gas heater.

Marilyn Cunningham Wins More Honors

Marilyn Cunningham has won more honors at the 31st National 4-H Club Congress, in session in Chicago this week, but not even her mother, Mrs. E. J. Cunningham of 8 Oxford Place, is sure just what it is.

The Record-Herald was notified Tuesday morning by the Chicago bureau of the Associated Press that:

"Miss Marilyn T. Cunningham of Washington C. H., Monday was named Ohio's winner in the dress revue program at the 4-H club Congress.

"Miss Cunningham and other state winners received all-expense trips to Chicago and leather-cased scissors sets."

Before she left, Miss Cunningham said she understood that there was no competition connected with her appearance in the dress revue. In view of that, her mother said she had "no idea" what this new honor could be.

She added, however, that her daughter had made out several reports covering her activities in 4-H club work and had also written what she described as an essay. But, she continued, the essay was written while Miss Cunningham was at Ohio State University, where she is enrolled now as a freshman in the home economics course, and was mailed from there. Mrs. Cunningham said she had not seen the essay and that her daughter had not gone into detail about it.

Miss Cunningham was awarded first place in the statewide competition at the Ohio State Fair last summer where she modeled a dress and coat she had made and the shoes and hat and other accessories she had chosen to go with them.

Mrs. Wayne Woodyard, the home demonstration agent of the Extension Service here, could not be reached immediately for amplification of the dress revue at the 4-H Club Congress. Mrs. Woodyard not only is the head of the 4-H club program among the girls of the county, but she also was Miss Cunningham's home economics teacher at Washington C. H. High School last year when she took top honors in the State Fair competition.

Two Face Charges

Only two cases were scheduled for municipal court hearing Monday. Morgan Yahn, Jr. was charged with driving through a red light at Clinton and Oakland Avenues and one woman was arrested on an intoxication charge.

November Was Nearly Normal

Shy Of Rainfall
Summary Shows

November was a month not much different from the average November, except rainfall was .84 of an inch short of normal.

There were even several snows recorded during the month, with a sizeable one on the next to the last day.

Rainfall was 1.43 of an inch. Normal is 2.27 inches.

The mean, or average, temperature for November, as disclosed by the records kept by Coyt A. Stookey U. S. Weather Observer for this district, was 43.1 degrees, or slightly above the normal of 42.8 degrees.

The mean maximum temperature was 53.7 degrees and mean minimum was 32.5 degrees.

The highest temperature recorded during the month was 74 degrees on the second and sixteenth days, and the lowest recorded was 12 degrees above zero Nov. 29.

Fogs were recorded on Nov. 16 and again Nov. 17.

All in all there was nothing unusual about the month, with the possible exception of the small amount of rainfall, which added .84 of an inch to the deficiency during recent months.

Gift Exchange Party For Silver Thimbles

A Christmas party with an exchange of gifts highlighted the meeting of the Silver Thimble 4-H Club Monday night at the home of Roslyn Marting.

It was decided by all of the members to take books and toys to the patients in Memorial Hospital.

Refreshments were served and recreation was enjoyed.

The next meeting will be held in March, 1953. Mrs. Orville Bush and Mrs. Emerson Marting are the advisors.

The Nation Today

By JAMES MARLOW
WASHINGTON, Dec. 2.—By appointing a labor leader, Martin P. Durkin, as secretary of labor, Dwight Eisenhower put himself in a nice position if Durkin's handling of the job goes sour.

He can say then: "I promised to be fair to labor. I did what neither Roosevelt nor Truman did in 20 years: I put a labor leader in the top labor job."

"I leaned over backwards to be fair. Durkin was not only a labor leader. He was a Democrat who voted against me. If it didn't turn out right, at least I tried."

But the selection of a union leader for the job—Durkin is president of the AFL's plumbers and steamfitters—is far from a guarantee of sunny days ahead in the troubled field of labor.

The secretary of labor has importance, of course. He heads the Department of Labor and is a member of the Cabinet. But his is a job with limitations.

Congress gave the Labor Department, and there for the secretary, the task of administering the Wage-Hour Act, the public employment offices, the whole operation of the labor standards and statistics, and some other chores.

But the secretary has no control over the government's mediation service, which was created to try to settle labor-management disputes peacefully. The service used to be part of the Labor Department but Congress took that away.

And the secretary has no say at all over the most vital government problem and responsibility in the whole field of labor-management relations: how the two sides get along, or fail to under the basic labor law, the Taft-Hartley Act. Congress gave that job to the National Labor Relations Board.

In fact, the Democratic Congress which created the first basic labor law (The Wagner Act, predecessor of Taft-Hartley) set up the NLRB to administer the act. And when the Republican Congress in 1947 substituted T-H for the Wagner Act, it retained the NLRB, keeping the secretary at arm's length.

Those who knew Durkin during those hectic 1935 days, when Congress was putting the Wagner Act together, say he opposed handing the job to the NLRB. If he still thinks the idea is wrong, and tries to get Congress to change its mind, he'll probably wind up nowhere fast.

Lausche Cool About Wearing Formal Garb

COLUMBUS, Dec. 2.—Gov. Frank J. Lausche can't quite bring himself to wear striped trousers and tail coat for his fourth and history-making inauguration.

He bought formal attire for his first inauguration in 1944, but never has worn it. So it's an odds-on bet Ohio's first four-term governor will take his oath of office Jan. 12 in a business suit.

Other elected state officials are waiting for the governor to complete his inauguration plans before arranging theirs.

Two years ago the Republican officials took their oaths in their Statehouse offices. They probably will do so again unless Lausche invites them to participate in a general ceremony.

Elected state officials to be sworn in are: Medina Mayor John W. Brown, as lieutenant governor, Secretary of State Ted W. Brown, Columbus Mayor James A. Rhodes as auditor of state, Treasurer of State Roger W. Tracy, and Attorney General C. William O'Neill.

The governor made it clear simplicity will mark his swearing in ceremonies. He plans to have a choir provide music for a program limited to an invocation, oath-taking and benediction.

The former Cleveland mayor and judge indicated the ceremonies will be held in the vaulted capitol rotunda. That would permit more people to witness the historic event of an Ohio governor starting a fourth term than could crowd into his office reception room.

Fatally Injured Girl Is Buried

HAMILTON, Dec. 2.—Funeral services were held Monday for Mary Ann Fildes, 17-year-old high school senior, who died Friday of a fractured skull a few hours after she had been found unconscious along a road near here.

Police, meanwhile, reported no progress in their search for an unidentified man with whom she left a cafe only about a half hour before her body was found. The New Miami Improvement Association announced Sunday it had posted \$100 reward for information leading to solution of the case.

TOKYO, Dec. 2.—Two men were killed and a third is missing in the explosion and fire that crippled the U. S. Navy tanker Ashtabula at Sasebo Sunday.

Best Informed GIs Returning From Korea

SEOUL, Dec. 2.—Three soldiers who call themselves the "best informed GIs in Korea" are on the way home.

The three have read millions of words of news copy over telephones to news offices in Tokyo since June 15, 1951, when headquarters of the Far East Command Censorship Division took over the transmission of news dispatches from Korea.

They are Cpl. John J. Kuptz, Chicago; Cpl. Calvin L. Lingler, Hamilton, O. and Pfc. Clifford L. Fallon, Louisville, Ky. All are 23 years old.

For almost a year and a half the three have had a ringside seat at all the big stories in Korea from the peace conferences to the war itself.

News stories about Korea are funneled through GHQ censorship, then by telephone or teletype to various news agencies and special news representatives in Tokyo for relay to the rest of the world.

What Lingler remembers most fondly is the time he was the only enlisted man to attend Vice President Alben Barkley's news conference in Korea last year.

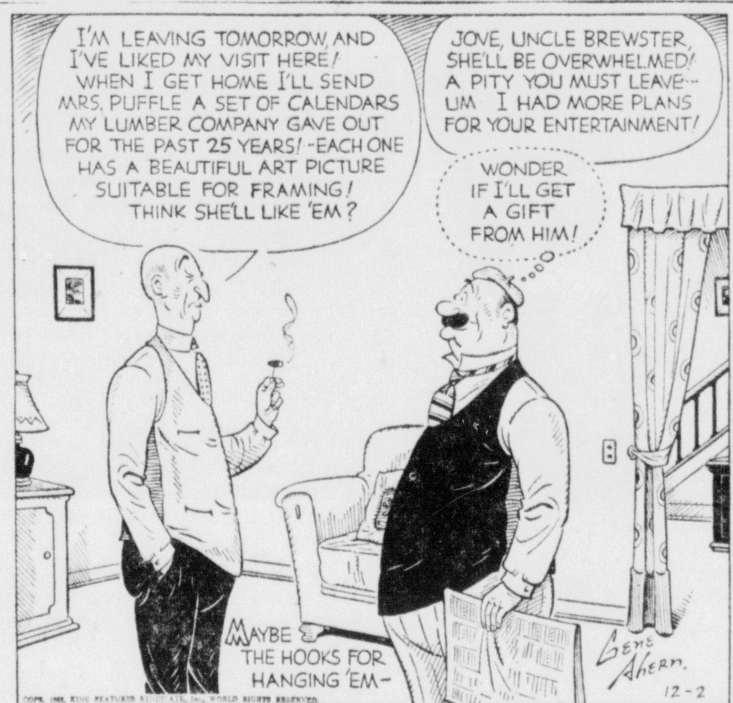

It was a high brass gathering, attended by Gen. Matthew B. Ridgway, Gen. James A. Van Fleet, South Korean President Singman Rhee and Eighth Army staff officers.

"I disguised myself as a reporter," Lingler said. "I let my beard grow for two days. I put on some sloppy fatigues, left the buttons open on the pockets and wore low shoes, strictly against regulation. Then I put a cigaret in my mouth and walked into the conference with the correspondents. Nobody spotted me."

4 GIs Escape Columbus Brig

COLUMBUS, Dec. 2.—Three sailors and a Marine escaped from Port Columbus Naval Air Station brig Sunday night and fled in a stolen automobile.

Port Columbus authorities identified the men as Marine Pfc. Rushie Judge, 20, of Columbus; Seaman Apprentice Edward Maj, 19, Philadelphia, Pa.; David L. Lynn, 18, Topeka, Kan.; and Floyd M. Bennett, 19, Derby, Ohio. All were being held for being absent without leave.

Sister Kenny, 66, Buried Near Home

SYDNEY, Australia, Dec. 2.—Sister Elizabeth Kenny was buried Monday near her mother's grave in the tiny cemetery of the small

farming settlement of Nobby, about 12 miles from her Toowoomba home.

The famed poliomyelitis specialist died Saturday after a 10-day siege of cerebral thrombosis and pneumonia which kept her partially paralyzed and in a coma during her last days. She was 66.

Both Sunshine, Death Stream Into Bunker

SEOUL, Dec. 2.—Late afternoon sunshine streamed through a small slit in a front-line bunker.

There was heavy firing outside but the young Marine could feel secure. The shelter was strong, burrowed into a little brown hill and reinforced by heavy beams at sandbagging.

The Marine was 21, dark-haired, clean-cut, medium build. He had been in Korea only a few months. He was always in good humor, particularly since the day he got word that a son had been born to his wife.

His job was to maintain an observation post overlooking the front. Every now and then the Marine went to the slit in the bunker and watched the incoming and outgoing mortar and artillery.

The Marine decided to write a letter to his young wife. He placed an empty box near the only illumination, the shaft of sunshine which stabbed through the slit in the heavily reinforced wall.

Nobody knows just how far he got with the letter.

With a dreadful blasting roar, a Communist mortar shell landed directly outside the bunker. Two steel fragments found their way through

the narrow slit. One fragment slashed the Marine's jugular vein and his life welled out quickly onto the dirt floor, into the little pool of sunshine.

Only 2 Survive Airliner Crash

TACOMA, Wash., Dec. 2.—The number of dead in the crash of an inbound C54 near here early Friday now stands at 37, with only two survivors.

The death Saturday of an airman wiped out the seven-man crew of the four-engine military transport based at Great Falls, Mont. The others died in the crash. Still in critical condition are Curtiss Reid, Air Force man from Fairfax, S. C., and Joseph Iacovitti, 8, Bridgeport, Pa., the lone survivors among the 29 passengers en route home from Alaska for the holidays. The C54 carried both military men and dependents.

The present insignia of the U.S. Marine Corps—anchor, globe and eagle, was adopted in 1868.

DAR Members Entertained At Home of Mrs. Lovell, State Officer Is Speaker

Mrs. G. Reed Grimsley of East Fultonham, State Chairman of the DAR correct use of the Flag Committee, and candidate for the office of State Chaplain was guest speaker Monday afternoon, when the members of Washington Court House Chapter, Daughters of the American Revolution assembled at the charming and spacious home of Mrs. William A. Lovell for the regular December meeting.

Mrs. Loren D. Hynes, Regent conducted the ritualistic opening of the meeting and Mrs. D. H. Rowe, chaplain led in the devotions.

Mrs. Fred Enslen led in the Pledge of Allegiance to the Flag and in the singing of the National Anthem with Mrs. John D. For-

sythe, playing the piano accompaniment.

The President General's Christmas message was read by Miss Golda M. Baughn and the secretary's report by Mrs. J. Earl McLean was accepted as read.

Mrs. Millard Weidinger gave a most comprehensive report of the Waldschmidt House dedication ceremonies, and Mrs. Hynes Regent read a letter of thanks from the Kate Duncan Smith School, for a box of clothing sent from the Washington Court House Chapter, and another box is to be sent in January and donations may be left with Mrs. A. S. Stemler or Mrs. John D. Forsythe.

The Regent, Mrs. Hynes, displayed the December issue of the National DAR magazine which is dedicated to Ohio in which the Washington C. H. Chapter has one full \$175.00 page, a portion of which honors those members past and present who have held or now hold state offices or chairmanships.

Mrs. Hynes, announced the candidacy of Mrs. Charlene Mark Weidinger for the office of State Corresponding Secretary by reading aloud one of Mrs. Weidinger's cards.

Washington Court House Chapter members had previously unanimously endorsed her for the office and feel that she is particularly qualified for the office.

Mrs. Ray Maynard, Motion Picture Chairman, reported on pictures listed in the National DAR Motion Picture Review and Mrs. Hynes spoke of attending the meeting of the Junior Committee and of her pride in their achievement.

Mrs. John E. Rhoads was introduced and gave beautifully a Christmas Reading, telling "What Happened to the Gifts The Wise Men Brought to the Christ Child."

Mrs. Hynes presented the speaker, Mrs. G. Reed Grimsley, who used as a basis for her talk, the subject, "Our Nation's Flag."

At the close of Mrs. Grimsley's enthusiastic and inspiring talk, Miss Linda Lovell, daughter of the hostess presented in a most artistic manner a piano solo, "Russian Dance" by Charles Dennee.

Mrs. Blanche Boyer was warmly welcomed as a new member of the chapter.

A most delightful social hour followed the close the meeting and Mrs. Hynes and Mrs. D. H. Rowe presided at opposite ends of a beautifully appointed lace covered table from which delicious refreshments suggestive of the approaching Yuletide season were served.

Guests enjoying the afternoon with members were Mrs. Harry Speakman of Circleville, Mrs. Harold Slagle, Mrs. Martin G. Morris, Mrs. Henry Wills, Mrs. Ida

Varied Recital Is Given By Young Artists

Yellow and bronze chrysanthemums decorated the First Presbyterian Church Sunday afternoon for a joint recital given by pupils in voice of Mrs. Amanda Maull Paxson, and piano students of Mrs. Mary Jeanne Schwaigert and Mrs. Marian Gage.

Those appearing on the program were: Donna Reisinger in a piano duet with Mrs. Schwaigert, playing "Home on the Range," and a piano solo by Donna Reisinger, "Swinging Along"; Butchie Conow played three piano numbers, "Waltz in C Major," "From A Wigwam" and "The Woodchuck"; Sharon Thompson played "The Swing" and "Sandman's Lullaby"; Carolyn Limes presented two piano numbers, "Dancing Flowers" and "Wee Folk's March"; "The Sleigh" was played by Patty Fisher and Lauretta Glasgo had two piano numbers, "Swans on The Lake" and "The Busy Mill Wheel".

Shirley Milstead sang "A Little Rock" and Becky Warner followed with two piano solos, "The Watchman" and "The Streamliner". "The Bell Song" was played by Joe Coulter and Virginia Straley presented the piano solo, "Chief Red Feather."

"Riding" was the title of the piano number by Juanita Dinkler and Carol Ann Hyer played "Marketing" and "March of the Wee Folks"; two piano numbers, "The Speed Boat" and "Deep Sea Diving" by Charles Blizard and "On Magic Lake" by Connie Glasgo was followed with a vocal solo, "The Dolly's Dinner Party" by Patty Fisher.

Ronny Coffman was next on the program, playing "Minuet From Septet," Opus 70, and Rita Frederick played, "The Fairies' Harp," "The Airliner" and "Lightning Ranger" were piano solos by Carol Blizard and Martha Parrett appeared in three piano numbers, "Minuet In G," "To A Wild Rose" and "The Gypsy."

Carol Ann Pitzer sang "Candy and Cake" and Jane Hutton was heard in two piano numbers, "The Octopus" and "The Postman". "Valse Orieune" was played by Shirley Beatty, and Janice Denen had two piano solos, "Pretty Dolly" and "Eskimo Boy."

Marilyn Parrett presented "German Dance No. 1," and "Waltz in E" and Mary Chakeres sang "The Loveliest Night of the Year." Hazel Engle closed the program with two piano solos, "Valse Opus 34 No. 1" and "Valse Opus 64 No. 11."

All young artists appearing on the program showed much poise and adaptability and were presented to a large and most appreciative audience.

Hyer, Mrs. Loring Duff and Mrs. Lewis H. Wolfe.

Mrs. Lowell was assisted during the afternoon by the December hostess group: Mrs. D. H. Rowe, Miss Mabel Briggs, Mrs. W. E. Baughn, Miss Etta McHenry, Miss Grace McHenry, Miss Fannie Browning, Mrs. T. W. McFadden, Mrs. Homer Harrison, Mrs. Wash Lough, Mrs. W. A. Melvin and Mrs. Fannie Hughes.

Ministers Plan Distribution Of Baskets

Meeting To Check Lists Set At C Of C Offices Dec. 15th

The distribution of Christmas baskets to deserving families in the community was discussed at the meeting of the Fayette County Ministerial Association meeting.

A meeting is to be held at the offices of the Washington Chamber of Commerce on Monday, Dec. 15 at 10 A. M., to make plans toward avoiding duplications in this distribution.

Attending this meeting will be representatives of the ministerial association and of other church organizations, also of the Chamber of Commerce. The group will act as a clearing house for names in connection with the distribution. Persons knowing of families where such should be sent are asked to send in such names to the Chamber of Commerce, to any representative of the ministerial association or to any other organization known to be taking an active part in this distribution.

IT WAS ANNOUNCED during the meeting that the officers of the ministerial association elected at a previous meeting will be installed at the meeting in January. Those chosen were president, Rev. Clinton Swengel, pastor of Grace Methodist Church; vice president, Rev. Don McMillin of the First Christian Church; treasurer, Rev. Paul Elliott of the Bloomingburg Presbyterian Church; secretary, Rev. Russell Knisley of the Church of Christ in Christian Union.

The ministers also discussed a program of cooperative encouragement and help for the proposed new Youth Council of Fayette County, which is to be composed of representatives from each young people's organization of all churches in the county.

This new group is to meet for formal organization on Thursday at 7:30 P. M., Dec. 4, at the Washington Hotel.

Rev. Francis T. McCarty and Rev. Sanford Lindsey have been named as an advisory committee for the Youth Council, by the ministerial association.

Large Estate Left By Medic

CINCINNATI, Dec. 2.—Dr. Sidney Lange, Cincinnati radiologist, who died last spring soon after pleading guilty to filing fraudulent income tax returns, left an estate valued at \$5,799,467.75.

Lange, 72, pleaded guilty last April 19 to income tax evasions from 1946 through 1950. U. S. District Judge John H. Druffel suspended a five-year prison sentence because of Dr. Lange's ill health. He also fined the man \$50,000.

Aid Plans Hinge On Ike's Journey

PHILADELPHIA, Dec. 2.—The future of the U. S. foreign aid program in the Far East depends largely on President-elect Eisenhower's forthcoming trip to Korea, says Harold E. Stassen.

Stassen, recently named by Eisenhower to head the Mutual Security Agency in the new administration, said the Korea visit should place the general in close contact with changing conditions in the Pacific and Asiatic areas.

It is estimated that about 250 million people in the world speak English.

POSTAGE STAMPS of the new reign of Queen Elizabeth are now on sale at most post offices in the United Kingdom and Great Britain. The 2½-penny stamp (top) shows the Queen's head surrounded by a floral wreath. In the 1½-penny stamp (bottom), floral emblems encircle the head. They embody heraldic representations of the rose of England, the thistle of Scotland, the daffodil of Wales and the shamrock of Northern Ireland. (International)

GUST TEWS, 64 (above), and his wife Olga, 54, filed suit in Chicago's Circuit Court charging that while interned at Evangelical Hospital, doctors amputated his right leg, the wrong one. Tews, a janitor, suffered from gangrene in his left leg following a mishap Dec. 23, 1951. Following his "wrong" operation, Tews moved to another hospital to have his left leg removed. In his suit of \$1,300,000, Tews is asking for \$500,000 in damages, while his wife in the joint suit is claiming \$150,000 for loss of support due to the error. In a second court, Tews sought additional damages of \$650,000 on a charge that he was unlawfully held in the hospital after the wrong operation. (International Soundphoto)

Mail 'Em Early Is Advice Given

Record Mail Is Seen For Christmas

"It's the little things that count," said Postmaster W. E. Passmore, who is deeply concerned these days with ways and means to hasten delivery of Christmas cards and gifts.

"Some people," the postmaster observed, "will wait until they are ready to mail everything. Then, too, there are those who intend to start a week earlier, but don't get around to it."

"It's human nature, I guess. But most of the time everything works out okay. Nevertheless, we're busy training new mail clerks, and getting the Post Office equipment in shape to handle more Christmas mail than we've ever seen before."

Last-minute mailing, however, is only one problem. There are loosely-wrapped packages, which burst open en route. Hastily-scribbled addresses the mailman can't decipher. And in some cases, a misunderstanding of postal regulations.

HERE ARE A FEW reminders issued by Postmaster Passmore:

A 3 cent stamp entitles each Christmas card to be forwarded if the addressee has moved or returned to the sender if the address cannot be located. Also, they may carry written messages in addition to the signature of the sender.

For out-of-state delivery mail not later than December 15th and for local delivery, at least a week before Christmas.

Out-of-state parcels should be mailed by December 5th; those for

Get Ready For Winter Weather

Police Chief Argues Care In Driving

More than normal amount of snow this winter was the "possible" forecast today by Chief of Police Vaiden Long, following the snowfall of Saturday.

"Snow in November and early December usually tips off a snowy winter," he said. "Furthermore, this year the late summer and autumn months have been unusually dry. Abnormal dry spells are often followed by heavier than average precipitation. In winter that usually means more snow, although I'm no expert at 'guessing' the weather."

"The present snow may soon melt away, but it does serve to remind us to get ready for highly probable more snow and colder weather. It should remind all of us who must drive our cars this winter to be prepared for the worst. First, we've got to be sure of clear vision, and second we've got to be sure of dependable traction," Chief Long advised.

FOR CLEAR VISION, he recommended immediate inspection of windshield wiper blades, defrosters and headlights. They must work well. He said when the life bakes out of wiper blade rubber, the blade does a poor wiping job even if it still looks okay. He considers defrosters extremely important and said they should be in good working order.

For dependable traction on ice or hard packed snow, the chief recommended equalized brakes and tire chains. He quoted from a recent report by the National Safety Council in making the following comparisons of the same car, traveling at a speed of 20 miles per hour:

On hard packed snow, conventional synthetic rubber tires stop in about 70 feet.

Winterized tires still take about 60 feet.

Tire chains can stop in 40 feet. "Of all methods to increase traction and reduce stopping distances under snow and ice conditions,

Officers Are Elected By Youth Fellowship

Judy Preston is the new president of the First Baptist Junior Hi Youth Fellowship following election of officers at the meeting Sunday evening in the church.

Other officers elected were Gary Arnold and Jean Lininger, vice presidents; Rebecca Graves, secretary; Larry Hurtt, assistant secretary; Dixie Coe, treasurer; Susan Wissler, assistant treasurer; Nancy Hurtt, song leader and Judy Gilley, Ninette Edgington and Judy Edmundson, recreation leaders.

The business meeting was conducted by the outgoing president, Ronnie McCarty. All of the usual reports were given.

Nancy Reno was in charge of the program. Her topic was "It Pays To Advertise," which was that definite plans for sharing fellowship and fun with new members and prospects should be made.

It was announced that a youth rally will be held at Chillicothe Dec. 7 and that all Baptist Youth Fellowship members are invited to attend.

Others at the meeting were Larry Bennett and two new members, Sandra and Marty Mickie.

tire chains have consistently showed by far the best performance, according to the National Safety Council report," said Chief Long.

"The Council also recommends that the safest and most important rule for drivers to follow in winter is to slow down, even with help of tire chains," the chief observed.

"Goodness, gracious! Tom will swear I burned this meat purposely so he'd have to take me to dinner at BRYANT'S RESTAURANT."

Cattle Feeders To Dine Here Thursday

Fayette County Cattle Feeders will hold a dinner meeting at 6:30 P. M. Thursday at Anderson's Drive-In.

More than 30 feeders attended the last dinner meeting of the association of which Bob Haigler is chairman and Russell Beatty, secretary.

James Warner, beef cattle specialist of Ohio State University, will report on a nine-day cattle tour which he attended in Montana last June. Also, plans will be made for a cattle feeders tour this winter or spring.

Such a tour was planned last year, along with a banquet, but was cancelled due to the anthrax disease at that time.

Reservations for the dinner

meeting are to be made to either Robert Haigler, Russell Beatty or County Agent W. W. Montgomery

Yank Changed Boy-To-Girl

Danish Surgery Aids Sexual Transformation

COPENHAGEN, Dec. 2.—(P)—Lying in a hospital bed with her long yellow hair curling on a pillow, 26-year-old Christine Jorgensen widened her large, gray-blue eyes and lifted her hands in a surprised, frightened gesture Monday.

She was told that the news of her change from a man to a woman was on front pages throughout the world.

"I feared it all the time," the pretty young girl said but she smiled happily as she expressed gratitude to the Danish doctors who with operations and treatment changed the sex of the former George Jorgensen Jr., Army veteran and son of a Bronx carpenter.

"I'm happy to have become a woman and I think many more people who are unhappy as I was before should follow my example," Christine said in her room in Rigs Hospital, the Danish state hospital here.

MISS JORGENSEN said she expects to be discharged from the hospital soon and plans to return to the United States after she completes training here as a color photographer.

Dr. Christian Hamburger, Danish hormone expert who directed the countless injections his patient received along with surgical operations by several leading Danish surgeons, refused to describe Miss Jorgensen's treatment in detail.

He confirmed, however, that her change from man to woman would be completed soon and that she would leave the hospital then.

The New York Daily News reported that Christine, in a letter to her father, said the process had taken two years.

After serving two years in the Army, Jorgensen received an honorable discharge and enrolled in a New York medical institute to study the workings of sex glands and hormones, the News said.

During a trip to California, the youth met a doctor who told him of sex conversion work being done in Denmark. Three years ago he went there, ostensibly to study color photography, and put himself in the hands of Dr. Hamburger.

Jorgensen wrote home: "Nature made the mistake which I have had corrected and now I am your daughter." She enclosed pictures of herself in girls' clothes, a pretty, very feminine-looking blonde.

At 95, He Still Smokes, Drinks

NEW YORK, Dec. 2.—(P)—Dr. Maurice J. Levi celebrated his 95th birthday Monday still sticking to a daily routine including 10 or 12

cigars and a highball or two before dinner.

Levi, president of Long Island University's College of Podiatry, says he usually gets to bed about 2 or 3 a. m. and is at the office for a 10-hour day by 10 or 11 a. m.

Albanian Ex-King Demands Refund

MINEOLA, N. Y., Dec. 2.—(P)—Ex-King Ahmed Zog I of Albania has paid the taxes on his Long Island estate but reserves his monarchial rights to a refund.

A year ago the king bought a 60-room estate near Oyster Bay at a reported price of \$105,000. He never lived in it, never paid taxes, and Nassau County scheduled it for tax sale.

But the king's attorney, Boris M. Komar, paid the taxes with a \$2,914 check. Komar cited "sovereign immunity against the imposition of local taxes" and termed the threatened tax sale "contrary to the provisions on international law and the treaties between the United States and Albania."

Post Card Price Doubles Enroute

PROVIDENCE, R. I., Dec. 2.—(P)—Somewhere along its leisurely 2-month mail journey from Florida to Rhode Island a penny post card doubled in price.

When Roy H. Lavine mailed the card Feb. 26, 1951, from Green Cove Springs, Fla., the legal rate was one penny. But when William F. Pettiford received the card here Saturday, the postman collected another cent for postage due. Uncle Sam had doubled the rate in the intervening months.

Liquor Spending Nearing New High

COLUMBUS, Dec. 2.—(P)—Ohioans are on their way toward spending a new high total on liquor for a single year, but they aren't drinking as much.

This is because, says Liquor Director William C. Bryant, federal liquor taxes have boosted the price of spirits. In 1951 liquor department set a cash volume record of \$170,998,556. This year, Bryant estimates, it may hit the 175 million mark.

Value of U. S. Property Unknown

By RAY TUCKER

WASHINGTON, Dec. 2.—Harry S. Truman cannot present a report of his stewardship to Congress next January for the simple, but amazing, reason that no official or agency at Washington knows the amount or the value of the property owned by the United States government!

Numerous inquiries on this subject have been made as a result of the growing belief that President-elect Eisenhower or the next Congress will act on the proposal of Charles E. Wilson.

The former Defense Mobilizer and head of General Electric has aroused keen interest with his suggestion that Uncle Sam dispose of holdings that compete with private industry, thereby reducing the public debt, cutting taxes and eliminating this threat to the enterprise system.

Instead of trying to execute the plan with hasty, piecemeal and ill-considered legislation, it has been suggested that a Hoover or Wilson Commission be named to study the subject and report back to the White House or Congress on the practical possibilities.

Attempts to ascertain the full extent of the federal holdings have been made at General Accounting Office, which is headed by Controller General Lindsay C. Warren of North Carolina, the Budget Bureau and the Treasury. Each agency has records of partial ownership, but none has a complete master list, showing the outgo and the income from

the investment of the people's money.

Officials explain that each agency keeps an account of the property it owns. But when a demand was made for an overall statement, with the suggestion that good business required such a key itemization, the off-the-record explanation was: "Oh! That would be duplication, and we are trying to get away from that!"

So, when Truman hands the key and title of government to Eisenhower next Jan. 20, he cannot say with respect to federal properties:

"General, all present and accounted for!"

INCOMPLETE LIST — The nearest approach to such an accounting is the Treasury statement of Oct. 15, 1952. This lists the "investment of the United States" at \$25,103,955,589, but it is admittedly incomplete and inadequate.

The only great power project included in this total is TVA, which is valued at \$1,410,315,952. There is no estimate of the amount of money which Uncle Sam has invested in Boulder

Dam, Bonneville, Grand Coulee and many other projects of this kind now in operation or under construction.

The government's power properties are valued on a conservative basis at about \$7 billion. Inflation may boost that figure by billions.

OTHER HOLDINGS—The to-

tal of \$25,103,955,589, however, includes several billion dollars' worth of investments that lie outside the proposal for a shift of property from public to private hands. They take in, for instance, such things as Commodity Credit Corp. holdings of farm products, bank credit housing loans and guarantees.

Moreover, this money is not invested in productive capacity that competes with private business and industry. Extracting this sum of about \$3,325,230,000 from the Treasury total gives a net of \$21,778,725,589, if the subtraction is correct.

That would seem to be the extent of the government's ownership of property — productive property, a sufficiently large item in a country committed to private initiative. But it does not tell the full totalization story.

As noted, the only power project listed is TVA, with a valuation of \$1,410,315,952. Since the Federal power system is appraised at about \$7 billion, it is obvious that another \$5.6 billion must be added to the minimum figure given above.

This brings Uncle Sam's investment in undertakings which could be run more efficiently and economically by private interests, according to the Wilson theory, to almost \$28.5 billion. With projects now under way, it will soon amount to \$30 billion.

Meanwhile, Interior Secretary Chapman has prepared a new

power program for submission to the next Congress that totals more than \$5 billion.

OWNS BY PROXY—The American taxpayer may be interested in the list of properties he owns by proxy. It may also interest him that he loses money on most of these investments because he pays taxes while they do not. Here is a fairly complete inventory:

Power plants and transmission lines, REA's electric and telephone systems and appliances, six synthetic rubber plants, tin smelters, railroad and steamship lines in Panama and Alaska, defense plant machinery, rural and

urban homes, large-scale housing developments, warehouses, silos, farm bins, pipelines, sugar-cane factories, a rum distillery, barge lines, hotels, summer resorts in the national parks.

And, of course, RFC investments, although of a loan rather than an ownership nature, include everything from the Baltimore & Ohio Railroad to Dixie Pig night clubs along the highway.

This list does not include public buildings, forests, the public domain, grazing land, the Post-office or the Panama Canal. It is possibly incomplete because Truman is a big-handed and careless investor, and doesn't like to keep accounts.

Smith on First All Star Team, Waters on Second

Associated Press Selections Called Official by Coaches

Two members of the 1952 high-scoring, undefeated SCO championship Washington C. H. High School football team today had achieved the state's top honors for outstanding performance.

Carl Smith, 190-pound left halfback and the state's leading class A scorer, was named on the All Star first team, and Dick Waters, the captain and slashing guard, was placed in his old position on the second team.

They were among the 44 of Ohio's classiest football players who entered the gridiron hall of fame on the two-plateon first and second teams.

Both of the Washington C. H. Lions were placed on offensive units.

Bidding for these high school stars by colleges continues at an increasing pace. Virtually every senior of the WHS Lion starting lineup has been a guest at one or more colleges during the latter part of the season.

Next Saturday, Smith will be at Gainesville, Fla., as the guest of the University of Florida to see the game with the University of Kentucky gridders.

These Associated Press All-State High School teams were picked by coaches, newspaper sports editors and officials in the annual voting.

And, these teams are recognized by the Ohio High School Coaches Association as official.

They are made up of the most potent scoring aggregations in Ohio history and one of the best defensive corps ever picked in the annual poll.

For the first time since Red Lucas of Paulding made the all-Ohio 10 years ago, a Class B player was selected on the first team. He's Hubert Bobo of little Chauncey-Dover, greatest one-man scoring machine the state has ever boasted.

Bobo scored a record 274 points a year ago to lead the Ohio point-getters, but came right back this season for a 10-game total of 323 and a four-year output of 891. He's a 191-pound, six-foot senior.

WIT HIM AT halfback is Carl Smith of Washington C. H., another six-foot, 190-pound senior who paced the Class A scorers with 294 points and won the accolade as the state's most valuable player.

Rounding out the offensive backfield are quarterback Leonard Dawson of Alliance, a six-foot, 160-pound senior who completed 96 of 189 passes for 19 touchdowns and 1,618 yards in 10 contests; and Lee Williams, unbeaten Springfield's scintillating fullback.

Williams, 5-11 and weighing 178, gained 1,376 yards in 146 attempts for 19 touchdowns and an average of 9.4 yards per carry.

Massillon, in winning its fifth straight state championship, placed end Bob Khoenle, a six-foot, 200-pounder, and tackle Jim Geiser, 6-3 and 210, on the offensive club.

Paired with Khoenle is Lorain's outstanding Jim Dick, while Paul Schramm of unbeaten Cincinnati Purcell, 6-3 and 228, took the other tackle spot.

The guard positions went to a couple of fast and rugged performers, Ernie Poll of East Liverpool and Dorsie Blankenship of Middletown. Dick Stewart of Cambridge won the center berth to round out the offensive unit.

The defenders have plenty of everything, including scoring ability if called upon to play both ways. At end are a pair of brilliant stars, each over the six-foot mark.

THEY ARE Steve Chernicky of Cleveland Benedictine's unbeaten-united team, and John Pichowicz of Bellaire who caught 13 touchdown passes but shone on defense.

Dick Guy of Mansfield, picked by many college coaches as the state's No. 1 defensive lineman, paired with Toledo Libbey's Eldon Eckhart at the tackles, and Bill Kerr of Steubenville moved in as middle guard.

Jim Roseboro of Ashland and Eddie Oliver of East Liverpool, a pair of "both way" luminaries, won the outside linebacker roles, with rugged Gordon Massa of Cincinnati

Elder in the middle. High-scoring and fleet-footed Eddie Mack of Mansfield and Jude Theibert of Sandusky were selected as defensive halfbacks.

The safety role went to Willie Hernandez, will-of-the-wisp Mexican speedster from Van Wert's unbeaten, untied team.

More than 450 of the state's 20,000 scholastic players were nominated for all-Ohio berths, and for the first time in years the Class B contingent picked up plenty of support. In addition to Bobo, Class B was recognized with a second-team offensive end berth which went to Bob Ashley of Middleport, 6-4 and 182, who scored 120 points in nine games, booted four field goals, kicked off, kicked conversions and was outstanding on defense.

Other top flight Class B players included Lyle (Dog) Orians, 6-6 center, and Bob Cole, 200-pound fullback, both of Carey; Leroy Whitaker, 175-pound guard from Lockland; Paul Boykin, halfback of Xenia Woodrow Wilson, Lyle Hamilton, Fremont St. Joseph halfback; Glenn Kidd, Columbus Grove quarterback, and fullback Al Williamson of Cory-Rawson.

Practically all the outstanding seniors are being wooed by college coaches seeking the top talent from Ohio's happy hunting grounds, but only a few of the boys have made a decision on where they'll play their college ball.

County Cage Outfits Play Each Other Friday; Lions To Be at Bexley

Fayette County's four high school basketball teams today were getting ready to plunge right back into the county league scramble Friday night.

Jeffersonville's Tigers are scheduled to play at Good Hope and Bloomingsburg's Bulldogs are booked for a game at Madison Mills. These will be the second league games of the season for two of them, the first for Bloomingsburg and the third for Wayne.

A previous report that some of the games would be played Thursday night was in error. Both games, involving all four teams, are set for Friday night.

The Tigers will be gunning for their sixth win in seven games when they meet the Mad Antonys and the Wayne boys will be awaiting them with a record three victories and three defeats for the season.

Each team has a league victory to its credit, both at the expense of Madison Mills' Millers.

Jeffersonville, with the best record in the county to date, has lost only to the Jamestown outfit. The score was 68 to 52.

THE MAD ANTHONYS will go into their game with the Tigers after having emerged victorious from one of the toughest games they have played. They nosed out Frankfort in that one by the score of 43 to 42.

Although the Millers have lost both of their league games to date and won only one in their first seven encounters, they have been

able to run up respectable scores consistently after their opener, which they lost to Jackson Township, 53 to 26.

Against a tough team of New Hollanders, they tallied 61 points while losing 80 to 61. In the game they won from Ross Township, they made their best score in racing up a 68 to 50 victory.

BLOOMINGSBURG'S always tough Bulldogs have won four of their first six games, and they have had only one with a lopsided score. Although the Bulldogs scores have not been too big, they have been consistent, ranging from a low of 45 to a high of 57.

While the four Fayette County teams are battling each other Friday night, New Holland's next door neighbor Bulldogs, who gave the Lions of WHS a scare last Tuesday night in losing 58 to 57, will be playing at Pickaway in a Pickaway County league game. The free-scoring New Hollanders have won three of their five games this season.

The Lions of WHS are to play both games this week away from home. Tuesday (tonight) they are to play at Grandview and Friday they are to go back to Columbus for a game at Bexley.

Robin Roberts, ace righthander for the Philadelphia Phillies, was a first baseman at Michigan State until changed to a pitcher by coach John Kobs.

Carl Smith Named On All-Senior Team

COLUMBUS, Dec. 2 — (AP)—Ohio high school gridders placed on the Chic Harley All-Senior Ohio team will be honored at the annual Junior Chamber of Commerce football appreciation dinner here Dec. 13.

The preps, named to the honor squad Monday, hail from 19 Ohio schools.

Chic Harley, all-time Ohio State University great, was All-America in 1916 and 1919.

Members of the 1951 Jaycee honor team are:

Ends—Bob Khoenle, Massillon; Jim Dick, Lorain; Jerry Trabue, Columbus West; Tom Travis, Dayton Chaminade.

Tackles—Bob Van Buren, Massillon; Paul Schramm, Cincinnati Purcell; Dick Guy, Mansfield; Jim Geiser, Massillon.

Guards—Bob Winnery, Sandusky; Ernie Bell, East Liverpool; Dorsie Blankenship, Middletown; John Fasch, Canton McKinley.

Centers — Dick Stewart, Cambridge, and Gus Del Rosa, Cleveland John Adams.

Backs—Carl Smith, Washington C. H.; Lee Nussbaum, Massillon; Len Dawson, Alliance; Lee Williams, Springfield; Sam Miller, New Philadelphia; Jude Theibert, Sandusky; Ed Oliver, East Liverpool; John Karason, Lorain.

Three boys named from Class B schools are Hubert Bobo of Chauncey-Dover, Ken Morgan of Orange, and Russ Edgington of New London.

25-Man East Team Set For Shrine Game

NEW YORK, Dec. 2.—(AP)—The 25-man All-East football team which will meet an all-star team from the West in the 28th annual Shrine East-West game was named Monday by Bill Coffman, managing director of the game. The contest will be played Dec. 27 in San Francisco's Kezar Stadium.

The team:

As Top Team

NEW YORK, Dec. 2.—Michigan
State, the only four-platoon
team in the land, reigns as the na-
tion's No. 1 college football team.

Biggie Munn's devastating Spar-
tans, with a 24-game winning streak
behind them, captured first place
in the final Associated Press poll
of the season by a wide margin
over Georgia Tech, the nation's
only other major unbeaten team.

Michigan State begins operations
in the Big Ten next year, and its
foes can take some heart from
Munn's comments on the team's
1953 prospects.

"We lose 19 key men," he said.
The leaders (First-place votes in
parentheses) of the final poll:

1. Michigan State (207) 2,683

2. Georgia Tech (36) 2,249

3. Notre Dame (4) 1,809

4. Oklahoma (14) 1,685

5. Southern Cal. (2) 1,404

6. UCLA (1) 983

7. Mississippi (3) 950

8. Tennessee 781

9. Alabama 693

10. Texas 454

11. Wisconsin 281

12. Tulsa (3) 145

Central State '11'

Is Snubbed Again

DELAWARE, Dec. 2.—The
bid of Central State College at Wil-
berforce for entrance into the Ohio
Conference was rejected Monday
night for the second time in two
years by representatives from the
14 member schools.

Conference President W. M. Mor-
gan said, "we are engaged in pro-
gramming the 14 member schools
and we want to see how it will
work out before we admit more col-
leges."

CINCINNATI, Dec. 2.—The
Cincinnati Reds said Tuesday they
have acquired right-hander Howie
Judson from the Chicago White Sox
as part of the deal that sent out-
fielder Hank Edwards to the Chi-
sox last Sept. 1.

The 26-year-old hurler broke into
pro baseball in 1946 with Waterloo,

Salt Competes With Snowfall

CLEVELAND, Dec. 2.—A touch of humor came to Cleveland over the weekend where snow flurries cost the city \$1,500 in salt.

Service Director Samuel F. David, taking no chances of blocked thoroughfares, called out crews to spread salt almost as soon as the first snowflakes fell. The first were almost the last and by the time the crews were finished, it was a question of whether there was more snow or salt on the streets.

Scurvy is caused by a deficiency of vitamin C in the diet.

Plans Are Laid For Scout Week

Meeting Is Held At Presbyterian Church

Scout Leaders of Fayette County have begun preparations for Boy Scout Week, Feb. 7-14, it was announced by Robert Terhune, district chairman.

At the regular monthly district meeting held Monday evening Dec. 1 at the First Presbyterian Church, Washington C. H., the Scouters voted to present a Scout-O-Rama as the highlight of Boy Scout Week.

The program which will be under the direction of James Yates, will feature Cub, Scout and Explorer demonstrations of scouting activities, skills and services. Other features being planned for Scout Week will be the Scout window displays, service projects and Boy Scout-Sunday church services.

In the Scout Leaders' roundtable discussion led by Robert Bachelor, the Scouters following the December theme "Emergency Service," practiced emergency skills to put into Troop programs during December. Proper methods of coiling and throwing rope for rescue were reviewed by Bachelor.

James Yates, health and safety chairman, coached the men in the practice of the new back pressure arm-lift artificial respiration method. Boys' Life photo reprints showing the new method were distributed.

During the "Make-It-Yourself" session the Scout Leaders assembled compact pocket emergency kits which contained first aid, repair and survival materials.

CUB SCOUT LEADERS met with Kenneth Chaney, district commissioner, to review December's Cub Scouting theme, "An Old Fashioned Christmas."

Special emphasis was placed on reporting Cub achievement to Central Ohio Council headquarters. Methods of obtaining active parent participation were also discussed.

The district committee, composed of representatives of institutions sponsoring Scouting units, heard reports on recent Scouting activities in Fayette County.

Lawrence Burris, leaders hip training chairman, reviewed the accomplishments of the advancement conference held Nov. 18 in Grace Methodist Church.

Much enthusiasm was created by the "Operation Air-Crash Rescue" held Nov. 28 at the Ray French farm, it was reported by Leo Edwards, camping and activities chairman.

Dewey Sheidler, organization and extension chairman, related that two new units will be organized before the end of December. This will make a total of 19 Scout units an increase of 20 percent over the 15 units active at the end of 1951.

The new units to be organized Sheidler said, are a troop at the Fayette County Children's Home, sponsored by the Young Business Men's Club of Washington C. H. and an Air Explorer Squadron sponsored by the First Baptist Church of Washington C. H.

Those present at the meeting were Robert Terhune, Earle Henderson, Dewey Sheidler, James Yates, Lawrence Burris, Leo Edwards, Kenneth Chaney, Milbourne Flee, Frank Lentz, Robert Bachelor, Harvey Brown, Bob Poppen, Washington C. H.; Joe Colgrove, Jeffersonville; Louis Ford, Waterloo; and Leonard Slager, Lawrence Dumford and Howard Foster of Bloomingburg.

Refreshments were served at the close of the meeting.

Two To Go from Here To Dairyman's Meet

Two from Fayette County will attend the annual Ohio Dairyman's Association meeting in Columbus on Wednesday. The meeting was planned by the research and education committee of the association.

Ralph Pope, director of the Ohio Dairyman's Association and Albert G. Cobb, the associate county agent here, will attend the all-day meeting and stay for the banquet in the evening.

The program will include a talk by Max Drake on his trip to Europe last summer. He will show colored slides on the artificial breeding program that he studied. Drake is manager of the Northern Ohio Breeding Association.

Walter Hunnicut of National Dairies, Inc., will present information on improved pastures, grass silage and better methods of hay-making.

Dr. T. S. Sulton, assistant dean of the college of agriculture, Ohio State University, will conduct a panel discussion on "More Milk Per Acre." Don V. Morris, an outstanding dairyman from Leesburg, will be a member of the panel.

The banquet will be held in Pomerene Hall on the OSU campus. Dr. Fordyce Ely will give an informative talk on "Dairying Steps Out" and Rev. Laurence Hall will present a humorous and inspirational talk on "Pass A Laugh Along."

November Was A Heavy Month At Hospital

Trustees To Open Equipment Bids For New Wing Thursday

The month of November was one of the heaviest business months in the history of Fayette County Memorial Hospital, according to the report made by Miss Christine Evans, administrator, at the regular meeting of the institution's board of trustees at the hospital Monday night.

There was a total of 1,222 days of adult hospital bed patient service and 228 days of newborn infant service reported for the month.

It was announced also that the administrator and board members would be at the hospital Thursday, Dec. 4, when bids will be opened for room furnishings, new equipment and nursing supplies for the new wing of the hospital now being completed. The bids are to be given consideration by the board at 2 P. M.

The November report revealed that during the month the high number of bed patients during any one day was 57 and the lowest census for one day was 38.

A total of 39 major operations and 24 minor were performed during the month. The laboratory report showed 1,475 examinations and 204 X-ray exposures.

During November the maternity division showed a busy period with 52 newborn infants in the month. The total number of out-patients treated, those who did not require bed service, was 185.

Price Controls Off Wearing Apparel

Word was being spread around among retailers in Washington C. H. by the Chamber of Commerce that price controls had been lifted, effective Tuesday, on men's and young men's apparel, furnishings, accessories and work clothes and were reminded that they had been suspended on women's and misses' apparel on Nov. 28.

The Chamber here was notified of the suspension of price curbs Monday evening by C. E. Dittmer of the Ohio Council of Retail Merchants.

Dittmer's message concluded with the suggestion that "this important information should reach affected stores immediately." Some of the stores here which handle this type of merchandise were notified by the Chamber Monday evening and night. Those not contacted then were being told about it Tuesday, Ed Kreider, the executive-secretary of the Chamber said.

Kreider, after talking with retailers, said their consensus was that the suspension of the price controls would have little, if any, effect on the price tags. He said they told him "competition will tend to hold prices in line with those in effect under the ceilings."

Former Resident Is Called By Death

Mrs. Margaret Addison, 66, native of Washington C. H., died at her home in Columbia, S. C., Monday following a 10-month illness.

Mrs. Naomi Dixon, a sister, has been with her for the last six weeks.

She notified other relatives here of Mrs. Addison's death and said that arrangements had been made for committal services and burial in the Washington C. H. Cemetery at 2 P. M. Friday.

Mrs. Addison was the daughter of Mr. and Mrs. Spencer Jones. She married Rev. Tally Addison soon after her graduation from Wilberforce College and since then has spent much of her life in the south where her husband held pastorates.

Six years ago, both Rev. and Mrs. Addison became associated with Allen University, a school primarily for Negroes at Columbia.

Besides being a member of the faculty, Rev. Addison also served as a pastor for churches in that area.

Mrs. Alma Woodson, another sister, lives in Washington C. H.

Kirk Top Winner With White Corn

Others In County Among The Best

Willard Kirk, Jefferson Township, who last year carried off grand championship with his corn at the International Livestock Exposition in Chicago, this year won championship in white corn.

Grand championship of the show went to A. C. Stewart, Greensburg, Ind., who first won top place in region 8. He also is a farmer grand champion.

The honor of growing the best white corn in the world is by no means a small one and keeps Kirk at the top among the winners at the International show.

The award was made for the best 10 ears of white corn in the show.

Kirk also won fifth place in region 8 with his corn and Gilbert Coil, Jefferson Township, won sixth place in region 8.

KURT COIL, son of Darrell Coil, Jefferson Township, took fourth place in the Junior Corn Show, region 8.

First place went to Maxine Heiner, Louisville, Ind., who also won grand championship in the Junior Corn Show.

First in wheat went to a Michi-

gan grower this year, a different tone from the Michigan man who won first place in wheat last year.

For 23 years prior to last year, first in wheat was won by residents of Canada.

The show this year was the largest ever held. Kirk stated, Kirk and Coil returned a day early from the show on account of the death of Robert Cannon, a close friend and fellow corn grower.

Driver And Hunter Fined Here Monday

Max Eugene Stevens, on a charge of driving while intoxicated, filed by State Highway Patrolman M. E. Brinkley, was fined \$200 and costs, given 10 days in jail, and his permit to drive was revoked for one year, in municipal court.

At the same session of court, Bracht Robert Geselbracht, Cincinnati, on a charge of possessing a hen pheasant, was fined \$100 and costs and his hunting license revoked.

Lester Eli Reed and Paul Winkle, Dayton, on charges of trespassing, forfeited \$20 bonds.
